

General Practitioner

At Pier Health Group we have an exciting opportunity to join our team as a General Practitioner.

Pier Health unites eight different GP practices in North Somerset – across Weston-super-Mare, Worle and local villages – to deliver consistent, quality care. By working together to share knowledge, skills and resources, we're committed to transforming healthcare in innovative ways. We aim to create a resilient and sustainable organisation with a happy, fulfilled workforce providing an excellent, consistent service to all patients.

We are always on the look out for great GPs

What we're looking for

- A motivated and committed individual who wishes to work for an organisation which is committed to providing outstanding patient care
- The post-holder will strive to maintain quality within the Practice
- A confident, friendly and approachable GP with more than 1 years post registration experience working independently within a Private or NHS surgery.
- A calm and professional but empathic manner – extending a polite and courteous nature to patients and colleagues alike.
- Great time management and flexibility.
- Demonstrating clinical excellence and professionalism across all aspects the role.
- Taking pride in your work to provide the highest levels of service to your patients.
- You will have full GMC registration and be on the GP Register.

Why Pier?

Along with our GP family, we're growing our clinical and non-clinical teams to wrap additional support around our GP practices. With mental health nurses/assistants, dietetics, social prescribing, MSK, frailty liaison and enhanced Care Home support, on-site pharmacy; paramedic homebound support, first contact physiotherapy and some brilliant community partners across our patch.

You can see just some of the highlights we're particularly proud of in our annual report 20/21, check out our website www.pierhealth.co.uk and search 'annual report'.

If this is the role suits, then please send your CV and a short cover letter to bnssg.pierhealth.recruitment@nhs.net
